

ShowPro LED FusionBAR Q XV

Product Info

The FusionBAR Q XV is a pixel mappable IP65-rated LED batten that produces deep, saturated, perfectly-mixed colours for wall grazing and dynamic linear washes & effects no matter if your event is in or outdoors. A magnetic front plate and frost filters blend the 15 individual outputs into a smooth wash with enough punch for architectural illumination along with the onboard wireless DMX makes the Fusion XV the go-to outdoor LED strip light.
