

# DreamPix Range

## Product Info

ShowPro DreamPix range makes pixel mapped LED dressing easy and affordable for almost any show. The range is easy to rig, easy to control and looks spectacular. The DreamPix Strip is perfect for outlining sets or trusses, the Bar makes for a low-res display or riser dressing, both are available with a frosted front panel that hides the LEDs when not in use. The DreamPix tube can give any design a third dimension by bringing it forward and over the audience.
