

MDG ATMe Haze

Product Info

MDG's haze machines are the best on the market bar none – the ATMe is no exception. The ATMe was developed without compromise and the particle size it produces & hang time has been the benchmark in haze for almost two decades. When your show **must** have the best there is only one choice.

Weight	16.8kg
Dimensions	68.5 x 18 x 30cm
Power	715W
