

## Product Info

Resolution X has a huge range of truss circles, available in both box and tri. The range spans from an upright truss topped 1 metre Linton ring (also available in half Linton ring), all the way through to 6m diameter and beyond (with faceted circles). The range is also flexible to meet design requirements with many circles available in eighths or quarter circle sections.

The T2 box truss circles are webbed on four sides making them structural in horizontal or vertical orientation making them perfect for arches or custom designs.

| Diameter | Tri Truss | T2 Box | 90° Sections | 45° Sections |
